

Bolus applicator

Effortless & Precise – The Covetrus Bolus Applicator For Veterinary Professionals

For veterinarians and livestock caretakers, administering boluses accurately and safely is essential. Our high-quality bolus applicator is designed to make the process smoother, faster, and stress-free for you and the animals in your care.

Key features:

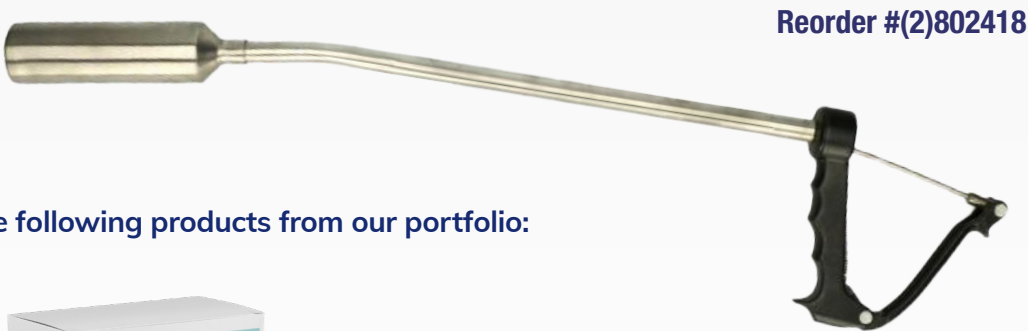

- **Durable Construction:** Built with premium materials to withstand regular use in tough conditions.
- **Ergonomic Design:** Easy-grip handle ensures comfort and control, even during extended use.
- **Safe & Humane:** Smooth applicator tip prevents injury to the animal's mouth or throat.

Applications:

Cattle: Delivering nutritional supplements, probiotics, or antibiotics.

Sheep & Goats: Administering dewormers or oral treatments with smaller boluses.

Other Livestock: Tailored nutritional or health options available for various species.
