The eye drops are preservative-free, with soothing and refreshing properties for use on dry and irritated eyes. It is an ophthalmic solution that helps soothing minor conditions in the eyes or eyelids, such as irritation, inflammation, dry eyes, allergic reactions or photo sensitivity. It does not contain molecules with vasoconstrictive action.

Ingredients (per 100ml): Sodium chloride (0.85%), chamomile distilled water, hamamelis distilled water, eufapsed distilled water, sodium phosphate monobasic monohydrate, sodium phosphate dibasic dihydrate, water for injection.

Instructions for use: Apply the solution liberally directly into the eye and clean as necessary.

Storage: Store below 30°C in a dry place, away from heat and direct exposure to sunlight. The ophthalmic solution must be used within 3 months after opening.

Precautions: Discontinue use if irritation develops and contact your veterinarian. For animal use only. Keep out of reach of children. Do not decant into smaller containers. Disposal: Do not dispose product or packaging into the environment.
